

# Academic Honesty Policy

Created on : May 21, 2024

## **School Mission, Vision, and Philosophy**

### **Mission**

The Choice School, anchored in Knowledge, Character, and Health (KCH), provides a safe, inclusive, holistic, happy learning environment in an evolving, diverse world by equipping the students with scientific temperament and social skills to become global citizens in collaboration with a competent, supportive community.

### **Vision**

At The Choice School, we envision a passionate learning community that fosters a growth mindset for every student in a happy, caring and stimulating environment, providing them with equal opportunities to discover and develop aptitude and attitude for learning in an equitable environment that inspires and ignites curiosity, creativity and confidence to transform lives and the world.

### **Philosophy**

At The Choice School, we firmly believe that academic integrity and personal character development are essential pillars of a student's education. All students enrolled in the IB Continuum programs are expected to produce original work in every aspect of their studies. Proper credit must be accorded to the creators of resources when referencing them, emphasizing the school's commitment to honesty and integrity. This policy is a comprehensive guide, ensuring our academic environment remains free from falsehoods and unethical practices. It effectively communicates our sincere dedication to this principle.

Both students and educators are responsible for adhering to the codes of conduct and accepted practices delineated in this document, ensuring the utmost respect, recognition, and appreciation

for individual efforts and the work of others. Our Academic Honesty Policy has been crafted to cultivate an understanding of international and global institutions' ethical and professional standards, empowering individuals to contribute effectively towards a better and more peaceful world.

The importance of proper citation to acknowledge the originator of work is underscored throughout this policy. This document will delineate the roles and expectations of various stakeholders within the IB community at The Choice School. Furthermore, it elaborates on how the school will handle instances of student academic misconduct and cases of school maladministration, aiming to bolster confidence among students, parents, the school community, and other stakeholders in the value and credibility of IB grades.

## **1. Introduction**

The foundation of our community at The Choice School is the principle of honesty. Within our institution, we value and uphold unparalleled honesty and integrity in everything we do. Here, we strive to instill in our students a commitment to leading a life guided by principles of honesty and personal integrity. The guidelines and procedures outlined in this document draw inspiration from our school's mission and vision, as well as the qualities embodied in the International Baccalaureate (IB) learner profile.

Throughout the processes of teaching, learning, and assessment, the concept of academic honesty plays a vital role in fostering personal integrity and respect for both individuals and the integrity of their work. Upholding the standards of academic honesty also ensures that every student at The Choice School has an equitable chance to showcase the knowledge and skills they acquire during their educational journey. In all their studies at The Choice School, students are expected to exhibit academic honesty and refrain from engaging in any type of academic misconduct.

To foster a learning environment that promotes fairness, transparency, and responsibility, this Academic Honesty Policy outlines the expectations and consequences related to academic dishonesty within the IB Continuum program.

## **2. Academic Honesty**

### **2.1 Definition and Importance**

Academic honesty involves the principles of personal integrity and respect for others' work. At The Choice School, we emphasize the importance of producing original work and properly crediting sources to maintain an ethical academic environment.

### **2.2 Examples of Academic Misconduct**

Academic misconduct encompasses various forms of dishonest behavior, including:

Plagiarism: Presenting someone else's work or ideas as one's own without proper acknowledgment.

Collusion: Assisting another student in academic misconduct.

Duplication of work: Submitting the same work for different assessments.

Paraphrasing without citation: Rewriting someone else's work without proper acknowledgment.

Fabrication of data: Creating false data for experiments or projects.

Examination misconduct: Violating examination conduct guidelines set by the IBO.

### **3. Roles and Responsibilities**

#### **3.1 Role of Students**

- Attend all workshops on referencing and academic integrity.
- Submit original work and properly cite all sources.
- Meet internal deadlines for revisions and proper citations.
- Utilize the school's anti-plagiarism software for submissions.
- Ensure punctual submission of e-assessments and assignments. Delayed submissions may impact task-specific rubrics and their overall assessment outcomes.

#### **3.2 Role of Teachers**

- Be familiar with IBO regulations and guidelines.
- Discuss plagiarism and proper research methods with students.
- Set clear assignment requirements and provide citation guidance.
- Monitor for shifts in writing style indicating possible misconduct.
- Review and verify the authenticity of student work before submission.
- Monitor and guide timely submissions by providing reminders and addressing delays to support students in upholding academic integrity.

### **3.3 Role of Librarian**

- Offer information literacy and research support to learners, helping them find, assess, and utilize a range of resources while upholding academic integrity standards ensuring accurate citation, referencing, and ethical research practices.
- Provide instruction and training to learners in developing ATL skills, including research and media literacy, to foster inquiry-based learning.
- Assist educators by providing the required physical and digital resources for unit planning, collaborative curriculum development, and MYP/DP projects.
- Conduct orientation sessions on policy awareness for all stakeholders.

### **3.4 Role of IB Coordinator**

- Educate staff and students about malpractice and prevention methods.
- Cooperate with IBO to identify and investigate malpractice.

### **3.5 Role of Parents**

- Discuss the importance of academic integrity with their children.
- Cooperate with the school in addressing instances of malpractice.

## **4. Academic Misconduct Protocol**

At The Choice School, we foster a culture of ethical academic conduct, instruct students on proper citation and referencing methods, and offer continuous assistance to staff and students to proactively deter academic misconduct. Consequences resulting from academic dishonesty or malpractice will be transparently communicated. Before examination sessions, we will conduct discussions with students and their families regarding examination conduct and regulations, and our examination invigilators will undergo comprehensive training regarding the same. Our teachers have the authority to apply sanctions for incidents of academic misconduct, irrespective

of the context, whether it is in-class, at-home, or project-based work, including internal assessments or evaluations that do not pertain to official IB examination submissions. Instances of academic misconduct will be addressed in a manner that guarantees fairness, uniformity, procedural justice, prompt resolution, and opportunities for educational growth. Each case will be evaluated individually, and potential penalties may include assignment or assessment failure, semester or year failure, and the possibility of internal suspension. In extreme circumstances, a student may face suspension or expulsion from the school.

As a general guideline, students are subjected to the following sanctions for academic misconduct:

a. **First Infraction:** If a student is discovered to have engaged in academic dishonesty for the first time, potential consequences may encompass, among other actions:

- i. Informing a parent or guardian.
- ii. Engaging in a discussion with the student to underscore the significance of academic integrity and the repercussions of dishonesty.
- iii. Mandating the student to resubmit the assignment or complete an alternative task without any additional scoring benefits.

b. **Second Infraction:** If a student is discovered to have committed another instance of academic dishonesty, potential consequences may encompass, but are not confined to:

- i. Notifying a parent or guardian.
- ii. Convening a meeting involving the student, parents, and pertinent school personnel to discuss the recurrence of the offence.
- iii. Issuing a formal warning or implementing disciplinary measures contingent upon the seriousness of the misconduct.
- iv. Potential forfeiture of credits for the assessment or assignment.
- v. Mandatory participation in an educational program addressing academic integrity.

c. **Multiple Infractions:** In instances where a student persistently participates in academic dishonesty, potential consequences may involve, though are not restricted to:

- i. Notifying a parent or guardian.
- ii. Convening a meeting involving the student, parents, and pertinent school personnel to address the recurrent misconduct.
- iii. Disciplinary measures may encompass suspension or expulsion from the IB program.

## **5. Use of Artificial Intelligence (AI) in Academic Work**

Artificial Intelligence (AI) tools have become increasingly prevalent and can provide learners with creative, technical, and analytical support. While these tools offer tremendous potential to enhance learning, their ethical use must be aligned with the core principles of academic integrity as prescribed by the International Baccalaureate (IB). This policy outlines guidelines for the appropriate and responsible use of AI tools in academic work to uphold the values of honesty, originality, and respect for intellectual property.

### **5.1 Ethical Use of AI Tools**

#### **a. What are AI Tools?**

AI tools refer to software or platforms that generate content such as text, images, graphs, code, or other products in response to user prompts. Examples include but are not limited to ChatGPT, DALL·E, Grammarly, and similar platforms.

### **Transparency and Acknowledgment:**

- i. Any text, image, or material created wholly or partially using AI tools must be explicitly acknowledged in the body of the work (In Text Citation) and included in the bibliography.

The referencing must adhere to the school's existing citation style. (MLA 9<sup>th</sup> Edition). AI tools can effectively produce a unique essay (or other product) for the student; this can be paralleled to a student buying an essay from the internet or having a third party write it for them. Producing AI-generated work as one's own or failure to acknowledge AI-generated content will be treated as academic misconduct and will be addressed per the school's Academic Integrity Policy.

The use of AI tools in academics must align with the principles of academic integrity. Permitted uses include generating ideas for brainstorming, refining grammar, and language, visualizing concepts with credited AI-generated images, and exploring alternative explanations to deepen understanding. However, submitting AI-generated content as original work, using AI to bypass the learning process (e.g., generating entire essays or projects), or modifying AI-generated work without acknowledgement is strictly prohibited. Learners must use AI ethically, ensuring all AI contributions are transparently credited in their work.

## **6. Ensuring Academic Integrity**

### **6.1 Authentic Ownership and Intellectual Property Rights**

Intellectual Property Rights (IPRs) directly connect to the Academic Honesty Policy by fostering a culture of integrity, respect for others' work, and ethical scholarship. The policy emphasizes that students must appropriately acknowledge the original ideas, creative works, and intellectual efforts of others, aligning with IPR principles.

Students are encouraged to use authentic and credible resources, assessed using tools like the C.R.A.A.P. test, ensuring their work adheres to academic standards. Librarian support **this** process by guiding students to use and cite reliable sources correctly, promoting responsible

research practices. By understanding IPRs, students learn the importance of giving proper credit to authors of music, art, literature, or other intellectual creations, which upholds the values of academic honesty and intellectual respect.

## **6.2 Legitimate Collaboration**

Legitimate collaboration refers to the ethical and purposeful engagement of students in group activities or tasks that enhance their learning experience, while maintaining the integrity of individual contributions.

Practices encouraged under the IB Academic Honesty Policy:

### **Group Work:**

- Completing tasks assigned as group work, where every member contributes to the outcome and understands the final product.
- Discussions, brainstorming, and sharing ideas while respecting individual contributions.

### **Peer Support:**

- Helping classmates understand concepts or improve their skills, as long as the work submitted remains each individual's own.

### **Acknowledgment of Contributions:**

- Properly citing any shared ideas, resources, or references, ensuring credit is given to collaborators.

### **Teacher-Authorized Collaboration:**

- Projects, lab experiments, or other tasks where the teacher has explicitly outlined expectations for collaboration.

### **Interdisciplinary Work:**

- Collaborating across subjects (e.g., interdisciplinary units) to integrate knowledge, provided individual roles and contributions are clearly defined.

### **6.3 Unaccepted Collusion**

Unaccepted collusion refers to any unauthorized collaboration between students that undermines the principles of academic integrity. It occurs when a student contributes to or enables another student to gain an unfair advantage by sharing, copying, or presenting work that is not solely their own, without appropriate acknowledgment.

These are practices considered unethical and in violation of the Academic Honesty Policy:

#### **Copying Work:**

- Allowing others to copy your work or copying from others, whether during assessments, projects, or assignments.

#### **Sharing Unauthorized Materials:**

- Distributing answers, solutions, or completed work without teacher approval.

#### **Submitting Collective Work as Individual Effort:**

- Presenting group work as individual work when collaboration isn't authorized or clear attribution isn't provided.

#### **Plagiarism in Group Work:**

- Copying content from another group or external sources without acknowledgment.

#### **Unauthorized Aid:**

- Using or providing unauthorized help during exams, such as sharing answers or using forbidden materials.

### **6.4 Strategies and Tools**

- Conduct workshops and discussions on academic integrity.
- Implement anti-plagiarism software ‘Turnitin’ for substantial assignments.
- Monitor and review student work for authenticity.

## **7. Reporting Academic Misconduct**

Teachers and staff members must promptly report any suspected or verified occurrences of academic dishonesty to the relevant school authorities. Reporting should be conducted with care, confidentiality, and consideration for the accused student's due process rights.

## **8. Policy Review**

The Academic Honesty Policy for the IB Continuum will undergo regular evaluations to verify its efficacy. The review panel will comprise the school head, the IB Coordinators, the IB librarian, and IB core teachers. The following policy review will be conducted in the next academic year. Copies of this policy will be distributed to students, parents, and staff, and they must acknowledge their comprehension and acceptance of its provisions. By nurturing an environment grounded in academic integrity, the school endeavors to cultivate conscientious, responsible students equipped to tackle future academic endeavors and ethical challenges.

## **9. Acknowledgement and Acceptance**

All students, parents, and staff members must acknowledge their comprehension and acceptance of the provisions outlined in this Academic Honesty Policy. This acknowledgment ensures a shared commitment to upholding the highest standards of academic integrity within the IB Continuum at The Choice School.
